

Strengthening Security and Management in Correctional Facilities

X-Display

Provides dynamic alerts and visual instructions during emergencies.

X-Alert

Automates notifications for unauthorized access and anomalies within restricted areas.

X-Light

Delivers vibrant, customizable RGBW lighting for unmissable alerts, improving communication and safety during critical situations.

X-Guardian

Centralized platform for monitoring activities and managing safety protocols.

X-Protect Buttons

Enable quick communication of emergencies, triggering immediate responses.

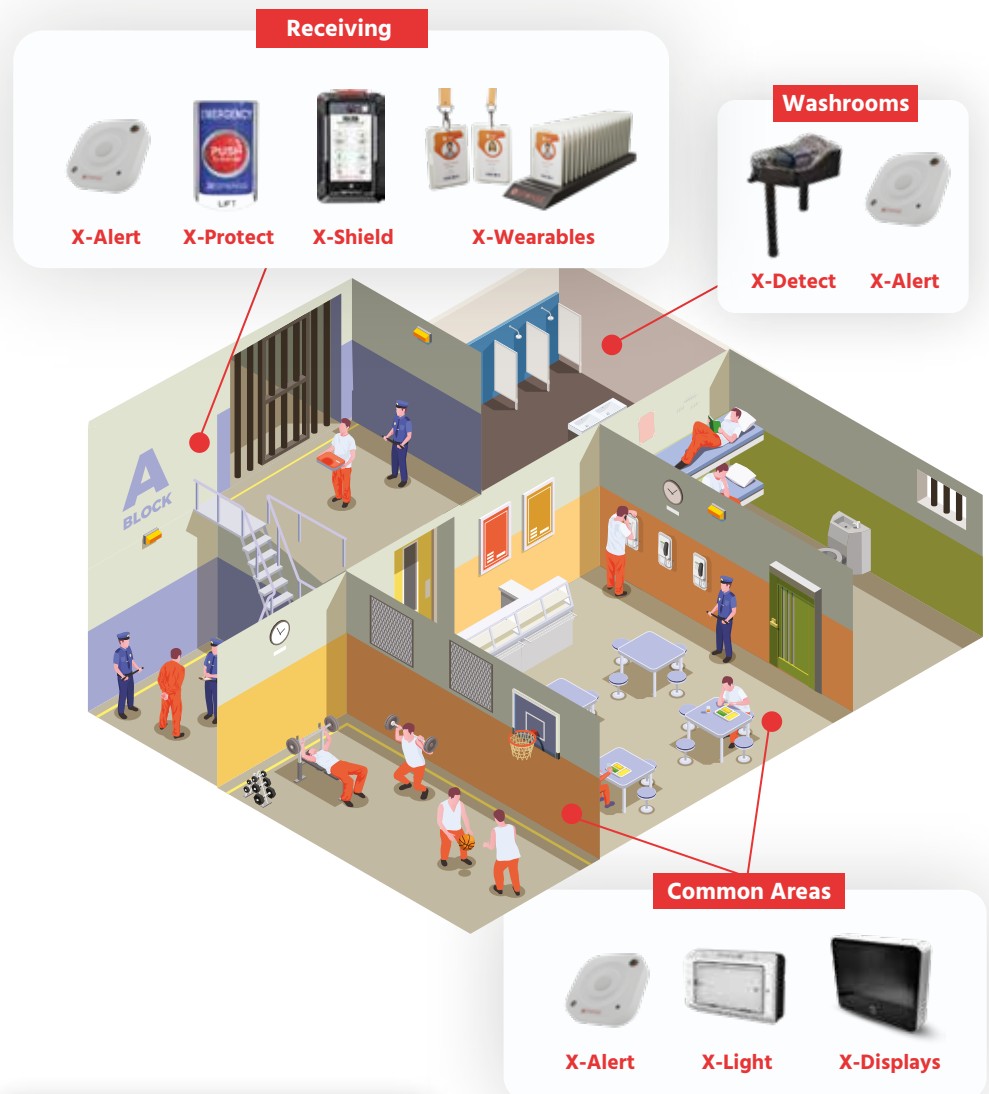

X-Wearable

Gives employees the ability to communicate and trigger alerts effectively.

X-Detect

Places a stop to vaping in unauthorized areas such as bathrooms.

Security is crucial in correctional facilities to maintain order and protect everyone within the environment. Implementing real-time threat detection, centralized monitoring systems, quick-access emergency buttons, and wearable panic devices enable staff to respond swiftly to incidents. Additionally, live tracking of personnel and incidents helps improve safety and oversight. These measures work together to create a secure and controlled environment for both staff and inmates.

X-Shield

Delivers automatic lockdown capabilities to quickly initiate protective measures and enhance overall security.
