

Ensuring Patient and Staff Safety in Healthcare Facilities

X-Display

Provides dynamic alerts and visual instructions during emergencies.

X-Alert

Automates notifications for unauthorized access and anomalies within restricted areas.

X-Light

Delivers vibrant, customizable RGBW lighting for unmissable alerts, improving communication and safety during critical situations.

X-Guardian

Centralized platform for monitoring activities and managing safety protocols.

X-Protect Buttons

Enable quick communication of emergencies, triggering immediate responses.

X-Wearable

Gives employees the ability to communicate and trigger alerts effectively.

X-Detect

Places a stop to vaping in unauthorized areas such as bathrooms.

In healthcare settings, the safety of both staff and patients is paramount. Advanced security solutions can enhance emergency preparedness and streamline response efforts. Systems that monitor hazards and threats help maintain a safe and healthy environment. Integrated communication tools enable immediate alerts and efficient notifications, empowering healthcare professionals to respond swiftly to incidents, thereby safeguarding vulnerable individuals. Additionally, wearable devices allow nurses and staff to call for help in an emergency, facilitating real-time communication and ensuring assistance is promptly dispatched when needed.

X-Shield

Delivers automatic lockdown capabilities to quickly initiate protective measures and enhance overall security.
