

Enhancing Security and Customer Experience in Retail Spaces

In today's dynamic retail environment, ensuring customer and employee safety is essential for maintaining a positive shopping experience. Retailers are increasingly adopting innovative safety solutions to detect unauthorized access and potential threats in real time. These measures enable staff to communicate instantly during emergencies and deliver timely messaging to customers, enhancing overall security. By implementing these security strategies, retailers can deter theft, protect their staff and customers, and foster a safe and welcoming environment.

X-Alert

Automates notifications for unauthorized access and anomalies within stores.

X-Display

Provides dynamic alerts and visual instructions during emergencies.

X-Guardian

Centralized platform for monitoring activities and managing safety protocols.

X-Protect Buttons

Enable quick communication of emergencies, triggering immediate responses.

X-Wearable

Gives store employees the ability to communicate and trigger alerts effectively.

X-Detect

Places a stop to vaping in unauthorized areas such as storage rooms.
