

Safety and Resilience in City Center Environments

X-Display

Provides dynamic alerts and visual instructions during emergencies.

X-Alert

Automates notifications for unauthorized access and anomalies within restricted areas.

X-Light

Delivers vibrant, customizable RGBW lighting for unmissable alerts, improving communication and safety during critical situations.

X-Guardian

Centralized platform for monitoring activities and managing safety protocols.

X-Protect Buttons

Enable quick communication of emergencies, triggering immediate responses.

X-Wearable

Gives employees the ability to communicate and trigger alerts effectively.

X-Detect

Alerts when vaping is detected in unauthorized areas such as bathrooms.

Ensuring safety in city centers is crucial for promoting public well-being and urban functionality. Implementing safety protocols, maintaining infrastructure, and preparing emergency response plans help prevent accidents and facilitate quick action during crises. Effective communication and active community engagement foster trust and keep the public well-informed. These measures contribute to a safe, vibrant, and resilient city center environment for everyone.

X-Shield

Delivers automatic lockdown capabilities to quickly initiate protective measures and enhance overall security.
